# Dedication

With pleasure the staff of the Memory Waves dedicates this book to our principal, MR. L. E. WILLETT. By paying this tribute to MR. WILLETT, the Memory Waves has also honored itself, for he has always been a favorite on the Pollock High School faculty. Teaching us, he has established a fellowship with all. MR. WILLETT does not seek to avoid issues concerning young people of the school. Perhaps it has been this frankness which has helped in establishing him as a student favorite.

So this Memory Waves is dedicated to you, MR. WIL-LETT, because the students admire and love you as a friend.

## PRINCIPAL'S MESSAGE

Dear Students:

This 1948-49 edition of Memory Waves will recall many pleasant memories to each of us in the years ahead. May they also, from year to year, recall to us those youthful aims and ambitions so common to young men and women; and may they kindle within us a determination not to let hardships or misfortune discourage us in their accomplishment. It is my hope that this book will inspire us all to a better life as years go on.

I commend you on your creditable work and your loyalty to the school. In the years to come you will profit by having participated fully in school life.

My best wishes go to each of you for your future happiness and success.

Sincerely yours,

L. C. Willett

# SEXTON SELLS MORE TRAINED BUYERS THAN ALL OTHER WHOLESALE GROCERS

Women buyers judge largely by intuition.
Appreciate immediately the value of new products in brightening their service Weigh the value of the product in their individual service rather than by a price standard alone.

Men buyers depend upon careful analysis. Slower to accept new items because they prefer to have things more standardized. Sometimes overemphasize price as a factor in their determination.

Buyers for the institutional and restaurant field are skilled in the technique of appraising foods. They make full use of scientific methods of ascertaining food cost.

Sexton sells to 60,000 individual units in this great market. The growth of the company has been based entirely on quality and service. A policy of fine merchandise, carefully packaged, fairly priced and promptly delivered has won the confidence and good will of these trained buyers.
